Potentates Message

Regards,

As my lady Susan and I move forward into 2026, we are excited, humbled, and deeply honored to serve the Suez Shrine Temple. This year represents a fresh chapter for our Temple, and we feel blessed to have the opportunity to work alongside each of you in continuing the proud traditions and meaningful mission of the Suez Shriners. One of our primary goals this year is, unity—to bring together every Noble who is a member of Suez, strengthening the bonds of fellowship, trust, and friendship that define our organization.

While we are navigating a divisive process, we are committed to doing so thoughtfully, transparently, and with mutual respect. Our focus is on ensuring the long-term health of our Temple, preserving our sacred traditions, and maintaining the integrity of the work we do for the children and families who depend on us.

Our Temple is more than a process—it is a family, a community, and a place where fellowship and camaraderie thrive. As we move through this year, we want to place fellowship, engagement, and shared purpose at the forefront of all we do. Every Noble has a voice, and every Noble matters. Your presence, participation, and perspective are vital as we work together to strengthen our Temple and build a bright future for all members.

We invite every Noble to return to Temple meetings, reconnect with old friends, meet new members, and actively participate in the life of our Temple. Your attendance and engagement not only enrich our gatherings but also support the mission that has made the Suez Shriners a beacon of hope and service for the children and families we serve. Together, we can foster an environment of respect, understanding, and shared commitment, where every Noble feels valued and empowered to contribute.

As Potentate, I, along with my lady Susan, pledge to lead with integrity, dedication, and a focus on bringing our membership together. We are confident that, united in purpose, we can navigate the challenges ahead and emerge stronger than ever. Let 2026 be a year of renewed fellowship, strengthened bonds, and continued dedication to the principles that have made the Suez Shriners a family and a force for good in our communities.

We are honored to serve alongside each of you, and we look forward to seeing you at Temple meetings and events throughout the year. Let us move forward together—with unity, pride, and unwavering commitment to the mission that defines us as Suez Shriners.

INTRODUCING OUR 2025-2026 INTERNATIONAL PATIENT AMBASSADORS

MEET CARLOTA AND BRANDON

Every year, Shriners Children's™ selects a pair of International Patient Ambassadors to represent the healthcare system's patients. The ambassadors share their stories of perseverance and the ways Shriners Children's has made a difference in their lives. We are honored to have these impressive young people advocating for our healthcare system.

CARLOTA

Ranked among Mexico's top 15 swimmers and now serving as the first International Patient Ambassador from Shriners Children's Mexico, Carlota, 18, has transformed challenges into triumphs. But her remarkable journey began with an uncertain start.

Born three and a half months prematurely, Carlota's early life was marked by significant obstacles. After being diagnosed with cerebral palsy with spastic hemiparesis affecting one side of her body, doctors painted a bleak future. But her mother Carla refused to accept their predictions.

A chance encounter led them to Shriners Children's Mexico, marking the beginning of transformative care. Despite facing multiple surgeries to address a 12-centimeter (4.7-inch) leg length difference and ongoing mobility challenges, Carlota's spirit remained unbroken. Through five surgeries and countless therapy sessions, the hospital became a cornerstone of support in her life. Carlota emphasizes that it is not just the medical care that made all the difference, but the emotional support, as well.

Shriners Children's is where dreams take flight."

When joint pain threatened her athletic pursuits, she discovered swimming at age 14, training with the national Paralympic team. This new passion propelled her to become the fifth-best swimmer in her category (S6) in the Americas. Carlota's athletic dreams remain strong as she sets her sights on the 2028 Paralympic Games in Los Angeles. Carlota is currently ranked No. 9 in the world and

No. 3 in the Americas for her classification. In Carlota's sport, American rankings include North, Central and South America rankings.

Carlota is also a college student pursuing a psychology degree with dreams of specializing in high-performance sports psychology. She attends Kuepa University online.

Carlota's mother Carla, who championed her daughter's potential from the start, witnessed her transformation from a child facing seemingly insurmountable obstacles to an accomplished athlete and inspiring patient ambassador. Their story exemplifies the impact of unwavering support and specialized care.

"Watching Carlota grow from a child facing challenges to a competitive swimmer chasing Olympic dreams has filled me with endless pride," said Carla. "My daughter has shown that within every disability lies extraordinary abilities. Even on tough days, she comes back with that smile that lights up everything around her." Carlota has learned to live harmoniously with her spastic cerebral palsy, her mother reflected.

As a Shriners Children's International Patient Ambassador, Carlota hopes to continue to break barriers and inspire others, proving that with determination and the right support, any dream is possible.

"Shriners Children's isn't just a building to me—it's a home, a family, a source of endless support," she shares with conviction. "My mission is clear: to showcase the profound impact Shriners Children's has on families and children, while highlighting how these remarkable children transform the healthcare system itself. Being the first International Patient Ambassador from Mexico fills me with pride, and I aim to set a new standard of excellence in this role."

Carlota is living proof that there truly are no limits when you believe in yourself.

BRANDON

Brandon, 15, is a high school student who lives in South Carolina with his parents, Kathleen and Brian, older brother Brady and younger brother Benson. When Brandon was 6, he went from playing his final baseball game of the season to fighting for his life. What

started as a simple runny nose and headache quickly became devastating when Brandon woke one morning, attempted to step out of bed, and collapsed—the right side of his body suddenly paralyzed.

Brandon was diagnosed with acute flaccid myelitis (AFM), a rare, polio-like illness that affects the gray matter of the spinal cord, leading to sudden muscle weakness and paralysis. The condition affects about 100 people in the U.S. each year and is often linked to viral infections—the most common being enterovirus D-68, which was found in Brandon's case. While thousands may contract this virus and experience only mild cold-like symptoms, in rare instances, like Brandon's, it can result in serious neurological complications.

"I remember holding him that morning," recalls Brandon's mother Kathleen. "I was terrified and prayed that God wouldn't take him." After intensive treatment at a hospital in Greenville, South Carolina, and rehabilitation in Atlanta, Georgia, a family friend who was a Shriner suggested they have a consultation at Shriners Children's Greenville.

At Shriners Children's Greenville, Brandon began daily physical and occupational therapy, while the hospital's Pediatric Orthotics and Prosthetic Services (POPS) department created innovative braces to support his recovery. As part of the collaborative care offered across the system, Brandon also received treatments at Shriners Children's Philadelphia under the care of a pediatric hand specialist known for innovative treatments with AFM. Surgeons performed two critical procedures: a nerve transfer for his paralyzed right arm and later, a surgery

to stabilize his shoulder. With these surgical innovations, Brandon has achieved more function than thought possible – making him more independent.

His journey from that frightening morning in 2016 to becoming an International Patient Ambassador exemplifies the power of resilience. While he continues to manage the effects of AFM, including scoliosis, Brandon approaches each day with the same spirit he showed during his early recovery when he told his mother, "I can't be your 'cuddle bug' anymore, Mom. I have to have my fighter's spirit to get through this."

Brandon continues to visit Shriners Children's Philadelphia for checkups. He is a regular at Shriners Children's Greenville for his orthopedic care and POPS bracing, as well as physical and occupational therapy.

Brandon's spirit has never wavered. He served as his class president, runs a woodworking business at the local farmer's market, and stays active with his brothers, despite ongoing challenges from his condition. "AFM changed everything about my life," Brandon says, "but Shriners Children's showed me that different doesn't mean impossible."

Brandon wants to attend college someday for a career in business management, "although I'm not sure what type yet," he says. "I'd like to stay in Greenville, South Carolina, but I've been to some beautiful places I'd consider moving to."

Honored to be selected as an International Patient Ambassador, Brandon wants to share his story to inspire others. "The care that Shriners Children's has provided has changed not just my life, but my whole family's lives," he says.

"I'm grateful for the opportunity to show others that with the right support and determination, you can overcome anything."

Ziphron Temple NO 100 Daughters of the Nile

As I approach the end of my Queen year, I want to thank many people: the Suez leadership team, Shelly and Melinda, our Mason brothers, and our Ziphron leadership team and members. I enjoyed the experiences of being Queen of Ziphron Temple No. 100, Daughters of the Nile.

In March of 2025, I set three goals for our temple: E-F-G. Let's do a quick recap.

E = ENJOY! Our ladies have enjoyed a good year of fellowship within the temple, with Suez, and with our peers around the country. We had increased attendance

at the regional and national events.

F = FINANCIAL! We are on target to finish the year under budget and have met our Charitable Giving goal for the year.

G = GROWTH! We had a net growth in membership of over 11%, and increased attendance at our monthly meetings.

As we transition to our next fiscal year, we will install our next Queen, PQ Debbie Vanadore, and her officers on Saturday, March 28, at 1:30pm at the Suez building. I warmly invite all Shriners and their ladies and families to join us for a brief ceremony and the reception following.

With respect,

Queen Suzanne
